HEALTH, SAFETY AND ENVIRONMENT POLICY

POWER ZONE has always and shall continue to hold Safety, Health & Environment its prime responsibility while conducting its business. PZC firmly believes that production and safety go together. PZC has taken upon itself following rules to achieve a high degree of Health, Safety and Environment for its people and their surroundings, so as to minimize incidents & prevent accidents by happening.

- Create loss prevention awareness amongst all employees through a comprehensive program of training & education.
- Create a safe & healthy environment at all work places. Employees must inform their immediate heads of any situation beyond their ability or authority to correct.
- Each leader of an operation, at all the work places, is directly responsible for the safety of all human & other resources under his charge.
- Make line managers, supervisors and lead technicians accountable for the less prevention management efforts towards elimination of causes that might lead to accidents.
- No one shall knowingly be permitted or required to work while his ability or alertness is impaired by fatigue, illness, or other cause that might necessarily expose him or others to injury.
- Systematic review of operations to identify potential safety hazards and plan for preventive actions.

Above PZC stated SHE policy is of paramount importance and every of its employee is obliged to respect and adhere to it in true letter and spirit.
